

Technology Integration Menu

Your building's Technology Integration Specialist is responsible for implementing the integration of technology in the curriculum.

Danette Brown dbrown@west-fargo.k12.nd.us Extension 9130

Appetizers

Resource Locator

- Find developmentally appropriate websites or software geared towards specific curricular goals focused on enhancing student understanding, engagement, and assessment. You need; I will find it!

Classroom Supporter

- Find websites/software to increase teacher effectiveness, management, and data analysis. What do you need to make life simpler in the classroom?

Drinks

Learning facilitator

- Teach staff with continuous, relevant, and job-embedded professional learning. Create an environment of learning and risk taking to stretch teaching/learning practices.

School and District Liaison

- Collaborate with teams as well as with administration to design, implement, and assess initiatives aligned to the vision. You let me know what you need, and I will be your voice for change (sounds like a political speech)!

Main Course

Co-Planner Curriculum Units

- Assist teachers in delivering well-planned, orchestrated, curriculum driven instructional experiences. If you can think it, we can do it together!

Demonstrators of lessons

- Model lessons for teachers and students that incorporate technology. Invite me in to see the possibilities.

Co-teacher of lessons

- Collaborate with teachers to enhance lessons with technology integration.

Desserts

Learner

- Learn with you and from you! The "sweetest" part of my job is learning from you. If you have great ideas or ways to incorporate technology, please share them with me so we can celebrate your successes and pass them on to others!
